Executive summary

The following Marketing data intelligence solutions are uniquely crafted to meet the marketing goals of Restrain. Our suggested custom solutions are based on the results of extensive analysis and research unique to their requirement. Our endeavor is to deliver strong profiling solutions that directly accentuate and enhance your marketing and lead generation ventures alike.

Requirement Criteria:

Titles: Key decision makers titles across IT industry (preferably CIOs/IT Directors, Senior Executives and similar titles)

Region: Turkey

750-1,000 validated records are available for said criteria. The database can be acquired for USD 1,995.00

- ✓ Data fields include Contact name, Title, Work email, Company name, Company Address, Work Phone number, Industry, SIC/NAICS code, Company Website, Number of employees/revenue and LinkedIn profiles (optional)
- ✓ We provide 80-85% accuracy and deliverability guarantee on the all emails. Should you encounter hard bounces beyond that limit within 30 days from the acquisition, we will rebuild those bounced records and provide replacements.

The samples sent earlier should provide you more insights about the quality and coverage of our databases. For more details you can reach out to Blue Mail Media Inc. directly using the contact information below:
